Program and School Services Committee  
November 2, 2016

# Community Advisory Council

The main body of the document is a large, multi-colored area that appears to be a scan of a presentation or a document with significant digital corruption. It contains various colored blocks (purple, blue, green, red, yellow) and some illegible text fragments, including what looks like a URL "http://www.tdsb.org" and some numbers like "118".
